# Paramount Theater Tour & Cocktails

Completed in 1931, Oakland's Paramount Theater is one of the finest remaining examples of Art Deco in the United States and was one of the first Depression era buildings incorporating various artists into its architecture. A monumental restoration was completed in 1973, and the theater was entered into the National Registry of Historical Places. After the tour, we will walk to nearby Ozumo restaurant and enjoy cocktails, appetizers and networking in their private dining room.
